DAISY is Convenient

Daisy is your **Direct Access Information System**. With DAISY you have access to information about your Credit Union accounts 24 hours a day, 7 days a week. All you need is a Touch-tone telephone, your member number and a DAISY Access Code. Once you have your DAISY Access Code you can access your account information from the convenience of your own home or office.

DAISY Tips

Your member number is the number assigned to you when your account is opened. Your account number is the number assigned to a specific account. For example, the following are account numbers: #1 savings, #2 checking, #22 2nd checking account, #4 special savings, #9 Christmas account.

DAISY is Safe and Confidential

You must use your member number and DAISY Access Code to access your account information. Only you know your code so it would be impossible for anyone else to use it. Plus, you can call DAISY from the privacy of your own home and enter your financial transactions.

Carry the DAISY Card

However, for security, DO NOT write your membership number on it. If you lose or forget your access code, contact the Credit Union immediately.

Here's How to Use DAISY

1. First, call DAISY by dialing (502)363-2479 or (800)443-2479 from the convenience of any touch-tone telephone.
2. To sign on to your Membership press 1
3. Enter your Member Number followed by the # sign
4. Enter your Access Code followed by the # sign
5. Enter the DAISY service code that matches the information or transactions you need. For example, enter 2 then enter 2 again to process a transfer. The DAISY Service Codes have been printed on the card at the right. For your convenience, you can cut the card and then fold and carry in your wallet so you will have DAISY's number and codes when you need them.

That's all there is to it. DAISY is very simple to use. One of the best things about DAISY is that there is no charge for the service no matter how many times you call.
